Product Description

PFX is a complex, stimulant bodyweight and bodyfat management complex. It provides 11 ingredients, including Synephrine from Citrus Aurantium, Hydroxycitric Acid (HCA) from Garcinia Cambogia, and Epigallocatechin gallate (EGCG) from Green Tea, and it can contribute to the control of bodyweight, bodyfat and sense of hunger.

It contains Chromium that contributes to normal macronutrient metabolism and to the maintenance of normal blood glucose levels*. Iodine, which contributes to the normal production of thyroid hormones and normal thyroid function*.

We included our “MultiCarn” Carnitine matrix that's enhanced with Choline, which contributes to normal lipid metabolism and to the maintenance of normal liver function*.
