Product Summary

Directions

Mix 1 serving (100 g) powder with 150 ml (hot or cold) water. Shake vigorously until it achieves proper consistence. If you prefer soft flakes, let them absorb liquid for 1-2 minutes, but if you like it crunchy eat immediately. Consume preferably in the morning or during the day as part of your meal. Take a spoon and enjoy!

Product Description

Powder with Oat Flakes, Protein and Sweeteners

We have redesigned the classic oat flakes porridge with delicious flavors and added extra protein source. People with active lifestyle need to start their day with a complex, rich breakfast before the morning rush. Whey protein's complete digestion process takes no longer than 1.5 hours so it fuels your body in a really short time, while long lasting, slow-release energy supply comes from the popular low glycemic index oat flakes!

Our PROTEIN BREAKFAST is high in quality protein that contributes to the growth or maintenance of muscle mass, and also to the maintenance of normal bones!*
