Product Summary

Directions

Take 4 capsules daily, 30 minutes before training or sexual activity. On non-training days take 4 x 1 capsules daily before meals. If you use the product continuously, follow a 12 weeks on, 2 weeks off cycling pattern!

Product Description

Our T-360 complex contains several ingredients, including

- 1) Tribulus terrestris extract
- 2) L-Arginine
- 3) Acetyl L-Carnitine HCl
- 4) L-Carnitine L-Tartrate
- 5) Zinc

Arginine is the precursor of nitric oxide (NO). T-360 provides both the Acetyl L-Carnitine and L-Carnitine L-Tartrate versions of L-Carnitine. Zinc contributes to the maintenance of normal testosterone levels, to normal fertility and reproduction, and to normal protein synthesis*.

This combination of ingredients makes T-360 very popular among men, especially among hard training men!

*These statements have been scientifically proven by the European Food Safety Authority (EFSA) and authorized by the European Commission (EC)

Allergen info

Manufactured in a facility that processes milk, egg, gluten, soy, peanuts, nuts, celery, fish and crustacean ingredients.

Warnings
